

HELP OUR SCHOOL BY COLLECTING OLD CDs & DVDs

What

We need your old
CDs and DVDs

To help us raise much
needed funds for our
school/ pupil needs

Why?

The money we raise can be
used to buy new school
equipment, fun school trips
and fund other activities.

Dear Parent(s),

This is not a letter asking for money from your school, but in fact means that you can raise much needed funds for your child's school without putting your own hand in your pocket, purse or even wallet.

Your school has teamed up with musicMagpie, which means all you need to do to make a difference is donate your old and unwanted CD albums & DVDs. If you can send your child to school with a bag of CDs or unwanted DVDs then we can provide the school with CASH, which we can use to take your child on trips, buy new teaching equipment or much needed sports gear.

If you are feeling generous you could also tell your friends and family to help and their unwanted CD albums and DVDs could be paying to improve your child's schooling.

Even just a couple of your old CD albums and DVDs will make a big difference to the schools fundraising. If you fancy a bit of a clear out at home and want to make some extra space, don't forget you can always drop off large numbers of items at the school itself – we are sure they will be very grateful.

So... There it's simple, no "putting your hand in your pocket" necessary – just donate the CD albums or DVDs you no longer want.

A huge thanks goes to you from musicMagpie and our school for helping out.

If you need any more information please contact the school or visit
